

Slimline Dock Bumper Back Plate 450L x 270W x 33H

Product SKU: 6010908

Collection of back plates used to secure the dock bumpers along walls or dock levellers.

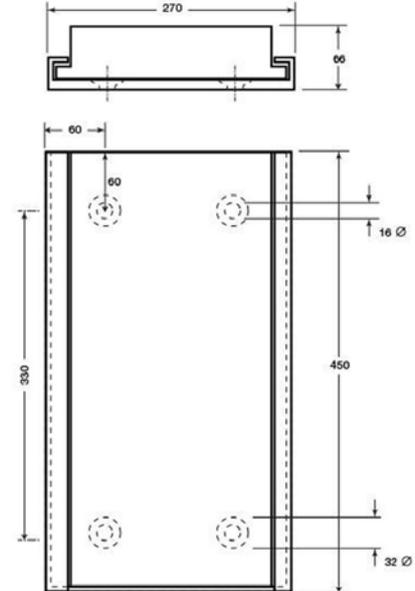

Back plates help improve the structural integrity of the dock bumper whilst making assembly much easier. It is highly recommended to secure the dock bumper with a backing plate. The 3-part set, high visibility and slimline dock bumpers are sold with the back plate included. Please contact our friendly sales team for the best advice according to your application.

Colour: Silver

Material: Steel

Weight: 11KG

Operating temperature range: -15°C to 70°C

Slimline Dock Bumper SBR 450L x 270W x 60H

Product SKU: 6010887

This is the slimline version of the 3-part set with an easy to replace front plate. Allows vehicles to back up closer to the bay.

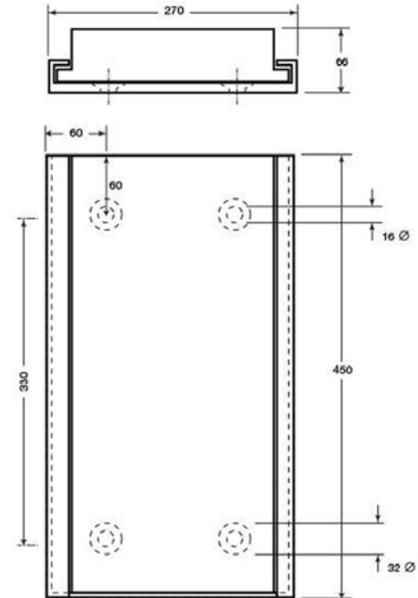

The back plate can be permanently secured to the wall whilst the front plate slides out for easy replacement. This slimline dock bumper has no middle packer plate, allowing the vehicle to back up closer to the wall or loading bay. Available with a durable NR/SBR rubber front plate or a low friction coefficient UHMWP material (ultra-high molecular weight polyurethane).

Colour: Black

Material: SBR

Weight: 18KG

Operating temperature range: -15°C to 70°C
