

### Aluminium Tipper Pad Coated 152L x 88W x 43H

Product SKU: DM15275-3

Polymax anti-rust tipper pads are coated in a thick paint to protect the tipper from weathering. Available in steel or aluminium bases. No predrilled bolt holes.

Tipper Pads used to protect the chassis of tipper lorries. They are designed to withstand heavy and repetitive loads, protecting the bodywork of the vehicle whilst dampening excessive noise whilst tipping. Tipper pads are constructed from a thick block of rubber with an aluminium or steel base. They can be fitted to the vehicle with screws or welded directly to the metal work. These tipper pads are coated in a thick ant-rust paint.

**Material: Aluminium**

**Weight: 0.6KG**

Measurements	Length (mm)	Width (mm)	Height (mm)
Metal	100	88	38
Rubber	152	88	5
