

Maximum Load: 1 Tonne

Small Lightweight Wheel Chock 175L x 94W x 90H

Product SKU: 6009681

Our selection of standard rubber wheel chocks suitable for various vehicles from caravans, car trailers, heavy goods vehicles and more.

Collection of wheel chocks made entirely from a hardwearing blend of SBR/NR rubber. They offer a longer service life in comparison to plastic alternatives but are a lot heavier to handle. Each chock comes with either an eye bolt, handle or rope to make help make handling easier. The 6009681 is the lightest in the range and can be used with loads up to 1 tonne. This is the best chock for caravans, car trailers or smaller vehicles. Safety notice - Only select the appropriate wheel chock according to the type and size of your vehicle.

Colour: Black

Material: NR/SBR

Operating temperature range: -15°C to 70°C

Physical Property	Unit	Typical Values
Hardness	ShA	75
Elongation at Break	%	200
Tensile Strength	MPa	4
Weight	KG	0.66
